WILSON TO TAKE STUMP ABOUT SEPT. 15

WASHINGTON, Aug. 11.—Between September 15 and October 1, President Wilson plans to start a transcontinental campaign tour and will probably go as far as San Francisco, it was learned today.

"Cowboy Jim" Dahlgren, mayor of Omaha, and Representative Lobeck have invited the President to speak at Omaha the last of September at the celebration of Nebraska's admission to the United States.

Secretary of War Baker, who is booked for a large part in the campaign, will talk Monday night in Cleveland.

WOMAN'S PARTY AGAINST PRESIDENT WILSON

COLORADO SPRINGS, Colo., Aug. 11.—A perfectly ladylike scrap is on today in the Woman's Party conference over the organization policy for the coming election. Virtually all are in favor of a resolution against President Wilson but are divided as to giving Charles E. Hughes the entire half million dollars support when the Prohibitionists and Socialists also have endorsed suffrage.

LONG BEACH, Aug. 11.—Many thousands of Iowans are at Long Beach today attending the Southern California reunion for all former residents of the Hawkeye state.

Following the basket dinner, which was spread out on the green lawns beneath the shade, a brief program of speeches was given starting at 2:30 o'clock. Many novel features marked the day's events.

The attendance this year was expected to surpass the former record attendance of 25,000.

DANISH SOLONS TAKE UP ISLAND TREATY

COPENHAGEN, Aug. 11.—The first reading of the bill providing for the sale of the Danish West Indies to the United States was taken up in the Folketing, the lower house of the Rigsdag. It is believed that the Folketing will adopt the measure.

WASHINGTON, Aug. 11.—Chairman Stone of the Foreign Relations committee in the Senate denounced the publication of the excellent abstract of the pending treaty for the purchase of the Danish West Indies. He said that at the next executive session he would take steps to see that an investigation was ordered to ascertain how the matter came to be published.

TRADE THEFT CHARGES AGAINST BRITAIN ARE UNDER PROBE BY U. S.

WASHINGTON, Aug. 11.—Charges that Britain has been actually stealing American trade by withholding cable orders sent from Russia to this country, have been under investigation in the State Department, it was learned today. Orders have even sometimes been turned over to British firms, it is stated.

TODAY WOMAN WILL SEE HER SON, AGED 38, FOR FIRST TIME

SAN FRANCISCO, Aug. 11.—Mrs. Josephine O'Farrell, aged 63, today saw daylight for the first time in sixty-two years, at the St. Francis Hospital.

Sixty-two years ago a tiny baby cooing in a cradle suddenly lost the power of sight. The child grew to girlhood and womanhood surrounded by loving relatives and friends she never saw. She became a mother. The happiest moment of her whole life will come today when she sees F. J. O'Farrell, aged 38, a Santa Clara druggist, her son.

GROWING WEAKER; RUIZ STILL SAYS HE'LL GET ENEMY

Though he is growing weaker and the light of life is gradually dimming, Edward N. Ruiz continues to declare that he will live to "get" Eugene Hernandez, the man he says shot him twice in the back and then in the head as he lay on the ground.

"He had no reason to shoot me," said he to the matron at the County Hospital today.

Ruiz's condition today is not encouraging. However, his mind seems to be clearer than it was yesterday.

WILSON GETS UP AT 5 A. M. EACH MORNING

WASHINGTON, Aug. 11.—An alarm clock at the White House now rings at 5 a. m. and the man it rings for is the president. Since the arrival of the hot season the president has been rising at 5 a. m. He can do better work in the early morning than after the summer sun gets in its work, he says.

SAYS HUSBAND WITH BLUE EYES FAITHLESS

CLEVELAND, Aug. 11.—Unfaithfulness lurks behind the blue eyes of men. Blue-eyed men make very, very poor husbands.

That's the statement of Bradley Hull, who, by the way is brown-eyed. Hull ought to know. He's attorney for the Cleveland Humane Society. He declares that 75 per cent of the men who have forsaken their wives or children during the last seven years here are blue-eyed men.

"I've got figures to prove this indictment against such men," said Hull. "Maybe the blue-eyed man is more adventurous."

U. S. TROOPS TO QUIT MEX. IN MONTH, REPORT

WASHINGTON, Aug. 11.—The War Department has given out statistics showing for the first time that the total strength of the National Guard on the border is 98,500 men; the percentage of sick among the guardsmen is 1.14. There were no deaths during the week ending August 5.

The War Department's statement gives the total of the regulars as 40,722 men, with a percentage of 2.45 sick, and six deaths for the same period.

Sixty-three militia officers out of a total of about 5000 have resigned. Army authorities are strong in their belief that, because of the insistence of Carranza on the withdrawal of the troops from Mexico, Pershing and his forces will be back on the American side about September 15, and the National Guard will begin to retire homeward a month later.

SUGGESTS NEW CABLE

PETROGRAD, Aug. 11.—For the purpose of bringing closer the relations of Russia and the United States, Ambassador Francis today approached the Russian government with the suggestion that a direct cable be laid from Russia to America. BIG CROWDS AT BALBOA ENJOY GAITIES OF WATER SHOW

Carnival Events Attracting Throngs to Popular Beach Resort

NEWPORT BEACH, Aug. 11.—With Balboa, in the person of E. J. Lewis of Los Angeles, known as "the father of Balboa," having been officially rediscovered late yesterday afternoon with the carrying out of an attractive pageant, and with a large and varied program of aquatic events being staged today, the big Water Show Carnival got into its full stride today.

Kings and queens are much in evidence at the popular resort. There is Queen Esther Paul, who rules over the pageant, and with a large and varied program of aquatic events being staged today, the big Water Show Carnival got into its full stride today.

Simple yet impressive ceremonies marked the carrying out of yesterday's pageant. The various scenes were well staged, Balboa making his appearance, just before dusk, on an old Spanish galleon that was towed into view around Balboa Island. Scores of Indians in small boats swarmed up to the ancient ship, Balboa landed, crossed the sandpit and the Pacific was once more discovered.

Balboa was then received by Queen Esther and her court, on a float anchored on the bay.

Today's program is being taken up with a bathing girls' parade, numbers of motorboat races, canoe tilting, surfboard riding and other events.

Tonight's big feature will be an illuminated parade on the bay. Scores of craft of all sizes will take part.

The attendance at the big carnival so far has been splendid and the crowds are increasing daily.

FLOUR PRICES TAKE BIG JUMP IN L. A.

LOS ANGELES, Aug. 11.—That the best grades of flour, which thirty days ago sold to the retailer for \$2.60 per sack, or \$10.40 per barrel, now are bringing prices of \$2.75 per sack and \$11 per barrel, was stated yesterday by a number of millers and wholesalers of Los Angeles.

Bakers' flour, they said, is now bringing \$8.90 compared with \$8.30 per barrel a short time ago. In other words, there has been an advance in the price of flour totaling 60 cents per barrel.

Whether the price will continue to soar is something that is uncertain, in view of the new schedule of transcontinental freight rates that will become effective September 1 unless the Interstate Commerce Commission decides on a revision.

50,000 AUSTRIANS LOST IN ITALIAN DRIVE

Retreating, the Austrians are reported to have reached the Lubiana plains.

The main body of the Italians has not yet started in pursuit.

Austrian prisoners report that the blow at Goritz was a complete surprise. They said that they thought the Italians had been occupied on other fronts.

EMBARGO WHEAT, IS ULTIMATUM BAKERS HURL AT CONGRESS

Unless Step Is Taken Price Of Bread Loaf Will Be Increased

WASHINGTON, Aug. 11.—The Master Bakers' Association today notified Congress that unless an embargo is placed on wheat the price of bread will rise to take it out of reach of the average consumer.

At the same time it was announced officially by the Federal Trade Commission that Vice-Chairman Harley who left for Chicago last night, went armed with authority to investigate the proposed increase in the price of bread that had been agreed to by the Master Bakers.

The advance in the price of wheat of fifty per cent in thirty days, is largely due to the war in Europe, said the Master Bakers' petition.

"It certainly is a part of wisdom to conserve such wheat supplies as we have," said the petition. "If no relief is afforded by the proper authorities there will be an inevitable increase in the price of bread. In the name of forty million users of bakers' bread we ask that an embargo be thrown about the present supply so effectively as to prevent a further advance."

The petitions were referred to committee without action.

HOUSEWIVES' LEAGUE LAUNCHES PROTEST

NEW YORK, Aug. 11.—The first national steps in a protest against the proposal of the bakers of the country to raise the price of bread will be taken by the National Housewives' League today.

"Bread is food for rich and poor alike and any increase in the price works hardships which we cannot permit without protest," said Mrs. Julian Heath, president of the league.

QUICK STYLE CHANGES HELD CAUSE FOR HIGH PRICES OF SKIRTS

CHICAGO, Aug. 11.—Here's why her skirts cost so much: Skirt styles change twelve times a year—a skirt season lasts just one month.

In days of yore there were only four skirt seasons to the year, but never again.

Chicago skirt manufacturers told this secret when they explained at Bismarck Gardens, where Chicago Garment Manufacturers are holding their fall style show, that "just now we are making plain skirts in browns and greens, but we don't know what we will be making next month."

The manufacturers explained that the style of a woman's skirt changes more rapidly than anything else, except a woman's mind.

The skirts this season are a little longer than a month ago and a little fuller. The most popular ones are draped tunic effects.

CONFESSES 'SKYLIGHT BURGLARIES' IN L. A.

LOS ANGELES, Aug. 11.—Tell-tale finger prints on a safe led directly last night to the positive identification of John Edward Morgan, arrested Wednesday by Officer Burney on a charge of burglary, and branded by police detectives as the "Broadway Skylight Burglar." Morgan, late last night, confessed that he committed five burglaries during the past month, detectives assert.

With his brother, W. H. L. Morgan, a tire salesman of Kansas City, J. E. Morgan has been occupying a \$12 per day suite at the Alexandria Hotel and has been living in the height of fashion. W. H. L. Morgan was booked at the city jail on suspicion at midnight. The detectives believe his statement that he is innocent of the alleged operations of his brother.

U. S. MEDIATORS HAVE TILL TOMORROW TO PRESENT LAST PLAN

NEW YORK, Aug. 11.—The Federal Board of Mediation and Conciliation has until 10 o'clock tomorrow morning to present its final proposition to avert a railroad strike, the Brotherhoods today notified the board.

Following several conferences held during the morning, President Stone of the Engineers' Brotherhood indicated strongly that prompt action must be taken.

Mediator G. W. W. Hangar then asked for the postponement of submission to any immediate proposition.

"We ask that we be given until 10 o'clock tomorrow morning to make our report," he said.

Men Growing Restless

Warren W. Stone, grand chief of the Brotherhood of Locomotive Engineers today declared that the men were growing more and more restless.

"We must have immediate action," he said. "Carrying a strike vote

around in your pocket is like carrying a stick of dynamite. You never can tell what is going to happen.

"This controversy has dragged along so far that our men are growing impatient."

"If it had not been for the earnest plea of the Brotherhood president this controversy would not be submitted to mediators. But our plea to give the government officers a chance to see what they could do finally prevailed."

When asked if he thought an attempt would be made to arbitrate the difficulties, he shook his head.

"The members of the United States Board of Mediation and Conciliation are personal representatives of President Wilson," said Stone. "That fact carries considerable weight, but just how much, remains to be seen. If this board is unable to reach a settlement it is doubtful whether any other board or commission can do so."

City Clerk Vegely has issued city licenses for sixty cars since the first of the year, and nineteen of these have gone out of business, leaving only forty-one in service, according to the records of the city clerk.

Of the forty-one in active service, thirty-six are represented in the receipts and proofs filed that application has been made for bonds.

City Marshal Jernigan has taken a list of the owners of the four cars for which bonds have not been offered, and will interview them for the purpose of ascertaining their contemplated action—whether they will quit business or secure bonds.

Of the cars not now being operated in violation of the city ordinance a number are working under the bonds of the Salt Lake Company, and were therefore not affected by the action of the Casualty Company of America.

Following is a list of the owners and the number of cars operating by each under the Salt Lake Company bonds:

Roy W. Peacock, 3; J. I. McCarter, 1; R. D. Cookson, 1; C. B. King, 1; A. S. Kuss, 1; C. F. Rudolph, 1; E. A. Logsdon, 2; C. C. Loftin, 2; Crown Stage, 12; K. Fiedler, 1; E. L. Deacon, 1; W. W. Compton, 1; Mrs. Henley M. Davis, 1; C. Noe, 1; Charles E. Dixon, 1; Roy Smith, 3; P. K. Lusk, 1.

Those who hold city licenses and have failed to present proof of application for bonds are William White, 1; C. H. Fowler, 1; L. B. Smiley, 2.

JITNEYS ON ROUTES, IS LONG BEACH PLAN

LONG BEACH, Aug. 11.—The legislative body of Long Beach will attempt to solve the street railway and jitney bus competition by placing the jitney operators on specified routes, open to bids, similar to those offered street railway companies. Should this legislation be passed, it is believed that a company will be formed by the jitney men.

The action comes as an outgrowth of complaints made of the regular service of the jitneys, and the action taken by the Pacific Electric in applying for the abandonment of its street car tracks on East Seventh street.

DETROIT, Mich., Aug. 11.—Establishment of a school for teaching girls motherhood is provided for in the will of Mrs. Lizzie Merrill Palmer, filed for probate. Mrs. Palmer was the widow of former United States Senator Thomas W. Palmer.

The exact amount which will be devoted to fund and operating the school is not designated. Probate court officials say the estate amounts to upward of \$1,000,000, however, and the entire residue is left for that purpose after provision is made for paying ten specific legacies amounting to \$135,000.

The will provides that girls unable or unwilling to pay the cost of their board at the school shall be educated free of charge.

BY ED. L. KEEN
(United Press Staff Correspondent)

LONDON, Aug. 11.—Indications that the long-expected offensive of the allies in the Balkans may begin, were contained in dispatches today.

In a sudden blow on the Dorian front the French captured a railway station.

Dorian was evacuated by the allies in their retreat from Serbia last fall. Athens dispatches reported that a great battle is raging on the Balkan front.

The allies have occupied the high ground adjacent to Dorian.

The western front has been comparatively quiet during the last twenty-four hours.

Rome announces further progress. No important fighting has occurred in the Balkans since last December, when the Anglo-French expeditionary force under General Sarrail retired from Southern Serbia under heavy pressure by superior forces of Austro-Germans and Bulgars.

Whether the fighting about Dorian marks the opening of the actual offensive by the British and French and the re-equipped Serbians is not definitely known.

The Bulgars are reported to have taken over the defensive in Serbia. It was reported from Berlin two weeks ago that General von Mackensen, who directed the Austro-German Balkan drive, had returned to the Russian front.

RUSS SURPRISE SMASH MAKES BIG GAIN

PETROGRAD, Aug. 11.—Striking westward with amazing rapidity, the right wing of General Letichy's army has reached the Dneister river south of Mariampol, ten miles from the city of Haliow, the fall of which is now only a matter of hours.

This success today overshadowed the advance against Stanislau. General Letichy took the Austrians by great surprise. Throwing a force across the Zlota Lipa river northeast of Stanislau, he began a swift advance on Haliow on the north bank of the Dneister yesterday.

The Russians are now officially announced to be thirty miles from Haliow.

PACIFIC ELECTRIC RAILWAY DISCUSSES ITS FINANCIAL CONDITION AND JITNEY BUSES

In view of the very general interest in the economic questions raised in discussion over the application of the Pacific Electric Railway for a franchise on North Main street, and the constant agitation of the question of equity in the relations of the public to the railway and the jitney business, respectively, the following excerpt from an article in the Pacific Electric Magazine is published. The article is entitled "Our Financial Condition," and was written by Paul Shoup, president of the Pacific Electric Railway.

The following is taken from advance figures for the annual report of the Pacific Electric, year ending June 30, 1916, to the Interstate Commerce Commission and State Railroad Commission, furnished in accord with requirements of the laws:

Amount by which the company failed to earn fixed charges\$ 821,734.33

"The deficit means that the company did not, by the amount of \$821,734.33 have enough net earnings to meet its interest, sinking funds, taxes and other legal, actual obligations."

"This does not include anything to the stockholders."

"They have never received a dividend; have never taken one dollar out of the earnings."

"This situation is one that interests every employee."

"Our prosperity, our earnings depend on the earnings of the company."

"More money cannot be taken out of a purse than is put in."

"Our passenger earnings this year are \$187,496 less than last, notwithstanding the expositions."

Jitney Competition

Follows an appeal to employees to help the company to overcome its deficit, and suggestions as to how they may do so, including the following:

"Educate the public on the jitney question, all the time. You and this company are being unfairly dealt with only because the public is not fully awakened to the unjust treatment the railways and all dependent on them are getting. The jitneys, sightseeing buses, motor buses and motor trucks are being unjustly favored at our expense, because:

"(a) The public furnishes them a free road bed; the electric roads pay for theirs and pave the sections of streets occupied.

"(b) These carriers are not taxed as we are taxed. When any one says to you that they pay in proportion to the investment, just remind him that the electric roads would be glad to pay a far heavier proportion if the public would furnish FREE road bed and right of way as it does for the jitney bus."

"These practically unregulated and lightly taxed automobile carriers took from the net revenues of the Pacific Electric, the last twelve months, money almost equal to the deficit."

"We MUST have fair treatment; all we ask is that the automobile carriers, trying to take from us the traffic we are engaged in carrying, should likewise assume the obligations we have to the public and in like degree; taxes, regular service, fixed fares, street paving and maintenance wherever public highways are used, responsibility for public safety and so on."

Tremendous Cost of Maintenance of Right of Way

"We operate in fifty-four towns and cities in Southern California, so you can see what a tremendous burden it is when all the country is going the limit on good roads."

"To reconstruct one mile of double track in Los Angeles and pave it, not including the overhead (poles, trolley and transmission wires, etc.) costs under present city laws, approximately \$87,000."

"The reconstruction job on Santa Monica Boulevard, now under way, including paving, is costing us \$225,900 for 2.4 double track miles."

"The town of Sawtelle has just passed a paving ordinance seeking the expenditure on our part in reconstructing our track and paving it, the sum of \$140,000."

"In Pasadena we have spent for paving, and reconstructing lines incident thereto, in three years, the sum of \$308,727."

"These obligations were not, by any one, anticipated in any such magnitude or in any such expensive fashion when the franchises were taken years ago by the pioneer builders. They are nevertheless legal obligations and we have our choice of giving up our tracks or meeting them."

"The facts that jitneys are allowed by the public to run over the paving paid for by us, without any obligation by the jitney either to pay for paving or its maintenance, merely indicates that the public is not yet fully awake to the injustice it permits."

10-day Mid-Summer Sale

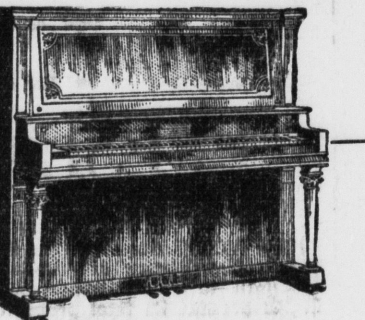

of Standard Make, High Grade Pianos and Player Pianos at 403 West 4th St., Santa Ana

Why can't as many Pianos be sold in August as in December?

—August has always been a dull month. Who started that "bug-aboo," anyway? Why shouldn't people have more money to spend in August than in December? In the winter there is fuel to buy, heavier and more expensive clothing, and the general cost of living is much higher than in the summer. Why, then, can't as many—or more—pianos be sold in August than in December?

—Our answer is, that the dealer simply "lays down" and does not go after the business. At least, he does not go after it in the right way. We are determined to find out—once and for all time—whether or not the business can be obtained in August. Could there be any more logical reason for our offering you this sale at this time?

A WOMAN'S BOOTH CLUB IS ORGANIZED

An Address Is Delivered By
Dr. Jessie Russell, Who
Praises Candidate

Yesterday afternoon at the city council chamber a Woman's Booth-for-Senator Club was organized by Dr. Jessie Russell of Los Angeles. Mrs. A. J. Lawton was chosen president and Mrs. John Perry, secretary.

It is proposed to have one or two vice-presidents in each precinct and to hold meetings at the homes of the members to discuss the issues of the campaign.

Dr. Russell gave what to her listeners was a very interesting and instructive talk on Willis H. Booth's candidacy. She urged his election on the

ground of what she declared was his unquestioned fitness and on the ground that it is important to have Southern California represented in the United States senate.

She said: "Mr. Booth is a self-made man, whose friends believe in his unqualified integrity. He is a man of the business world whose counsel is sought not only in our own country but whose opinion is valued abroad. He is a man who is especially qualified in these strenuous times to be alive to the best interests of humanity. He is a man whose private life is above reproach and one who has never been elected to public office, and therefore he cannot be accused of being a professional politician."

After the meeting the women served fruit punch and wafers.

STANDARD TO AGAIN DRILL NEARER CITY

contemplating extending its oil operation closer into the city of Fullerton is the apparently well founded report that the Standard is dickering to renew its lease on property owned by C. C. Chapman in the northern part of the city and that it is preparing to renew operations on an abandoned lease within a quarter of a mile of the city water reservoir.

Holes were sunk on both leases some time ago and after drilling for a short time the oil company ceased operations there. Since that time, however, oil prices have soared and it is understood the Standard intends to drill there again soon.

There is considerable speculation among land owners whose property is near the Chapman lease and the lease near the reservoir, as to the possibility of oil prospects on their land. Several of them, it is understood, have been approached by individuals on the question of leasing for oil development.

CUPID ACTIVE IN NORTHERN END OF COUNTY

Love God's Darts Find Mark, 3 Weddings of Prominent Folk Result

Cupid's darts have been flying thick and fast at Anaheim and Fullerton during the past few days.

Not only that, but they have been finding their marks.

The attacks of the little love god have resulted in the marriage, this week, of no less than five well known residents of the northern end of the county.

Yesterday, in Los Angeles, John B. Bandini and Miss Ruth Esther Camp, both of Anaheim; Bedford L. Griggs and Gertrude Marie Schulz, both of Fullerton, were wedded, Tuesday night in Los Angeles, John Sheldon Malcolm of Anaheim married Miss Edna Bovard of Los Angeles.

Loose Hat, Wins Bride

Three months ago at Anaheim John Bandini's hat blew off and ran smack under the wheels of an automobile driven by Miss Esther Camp. The pretty motorist, who is 22 year old, and the daughter of Edgar Camp, retired real estate man, now living at Anaheim, was profuse in her apologies.

Miss Camp even went so far as to offer to buy Bandini a new hat, but he refused. The acquaintanceship was reward sufficient at the time.

Yesterday morning Miss Camp was driving along the same street in Anaheim, and saw her fiancé—the same John Bandini, bent to about \$500,000 on the settlement of the estate of the late Mrs. Arcadia de Baker. In addition to that he is the sole heir to his father's portion of the same property. His father was a brother of Mrs. de Baker.

Each Make Suggestions

The young woman suggested that Bandini accompany her on her trip to Los Angeles. He did, and on the way it was his return suggestion that she accompany him to see an old friend, Justice Summerfield, at the court house. It was agreed.

Mrs. Bandini's father three years ago purchased an orange grove near Anaheim, coming there from Montana and this close proximity of his daughter to one of the members of a pioneer Bandini family of California resulted in the happy accident.

The Bandinis are going to pass their honeymoon days at Anaheim.

Just as they were leaving Justice Summerfield's chambers, two friends of their from Fullerton, Bedford L. Griggs and Gertrude Marie Schulz, arrived on exactly the same mission that had brought the first couple. After being married by the justice, they, too, started for Anaheim and Fullerton.

Malcolm Weds Tuesday

The wedding on Tuesday night of Miss Edna Bovard, daughter of Dr. and Mrs. George Bovard of Los Angeles, and John Sheldon Malcolm of Anaheim, was highly attractive, the ceremony taking place before a large gathering of friends at the home of the bride's parents on West Thirty-fourth street, Los Angeles.

The bride was given away by her brother, Warren Bovard.

Frank Robinson stood with the groom.

On their return from their wedding journey, Mr. and Mrs. Malcolm will reside in Anaheim, where they will be at home after October 1.

CRAVATH'S SLUMP IN BATTING AT AN END MAYBE

In its issue of Tuesday, August 1, the Philadelphia Ledger has the following to say about "Gavvy" Cravath, famous slugger of Laguna Beach:

Will history repeat in the case of Gavvy Cravath, 1915 slugging king and 1916 weakling?

Cravath's career in professional baseball has been one of the oddest and yet one of the most sensational in the history of the game. The famous fence-breaker was with Los Angeles, of the Pacific Coast League, for several seasons before he attracted the attention of a major league scout, because he was a clumsy looking chap, finally the Boston Red Sox decided that they needed his slugging ability and he was purchased.

Just at that time the Red Sox also picked up Tris Speaker, Duffy Lewis and Harry Hooper, which meant that Cravath was given a little chance to show his real ability. When given a chance to play over a stretch of games Cravath slugged the ball at a terrific clip, but suddenly fell into a slump and was released. He was tried by Chicago and Washington and had the same experience. He slugged for a time and then fell into a slump. Either the managers did not have patience enough to wait until Cravath came out of the slump or they did not recognize his unusual ability.

Cravath drifted back into the American Association, remaining with Minneapolis for three years before he was purchased by the Phillies in the winter of 1911. At Minneapolis Cravath made a wonderful reputation as a home run and extra base hitter and almost every club in the National and American leagues made a bid for his services. When Cravath joined the Phillies great things were expected of him, but he proved a disappointment until the 1912 season was almost over, when he suddenly struck his stride.

Until the 1914 season was well under way Cravath was the most feared batsman in the National League, when he suddenly struck one of the unaccountable slumps that have marred his brilliant career. So poorly did he bat that Manager Doolin finally pulled him from the game and he remained on the bench until early in August, when he was sent into a game against New York because "Doc" Miller could not hit Rube Marquard.

Same Conditions as in 1914

Cravath treated Marquard to one of the most unpleasant surprises of his career that afternoon. He laced one drive into Broad street, another into the left field bleachers and doubled off the center field wall. From that day until the middle of May of the present season, Cravath was the leading slugger of the league. It was the terrific and timely batting of Cravath that was largely responsible for the Phils' triumph in the National League last season and the fans have been surprised and disappointed at his slump this season.

Manager Moran finally was obliged to remove Cravath from the lineup, replacing him with Wilbur Good, who has done splendid work. Yesterday Jim Vaughn, another southpaw pitcher, brought Cravath back into the regular lineup just as Marquard's appearance on the mound did at this time two years ago. The result was the same.

Cravath did not whale the ball to all parts of the field yesterday as he did against Marquard two years ago, but he came out of his slump in a sensational manner by lifting the ball over the right field wall for a home run, winning a much needed victory for the champions. On his next appearance at the plate Cravath chased Mann to the bleacher wall in deep center to put down a terrific line drive and it was evident that the fence-breaker had come out of his slump.

Will history repeat and will Cravath go on the rampage again? If he does—and there is every reason to believe that he will—the Phillies' pennant chances are a great deal brighter today than they were 24 hours ago. Cravath's punch in the pinch has been missed by the Phils and there is little doubt but what they would be leading the league with a few games to spare if the slugger had not slumped.

A RECORD OF WHICH TO BE PROUD

According to the testimony of national leaders, Governor Johnson is a candidate for United States Senator on the "most remarkable record ever made by any governor of any state." He has kept the faith with the people and has delivered to the people a list of humanitarian measures that have put all on an equal basis.

Here are some of the things he has done:

An eight-hour law for women.

Child labor law guaranteeing them against the grinding of their souls out in sweatshops when they ought to be in school.

Workingman's compensation act that prevents your being thrown in the ditch after you are ruined physically in the employ of another.

Women's suffrage, giving the woman the place in the election booth they should have—now he urges it in the nation.

Blue sky law protecting your hard-earned savings against wildcat stock salesmen.

Alien land law, the first step taken by any person in the nation for preparedness.

Payment-of-wages law that gives you your wages instead of having to give it all to a lawyer to get it for you.

Teachers' pensions, guaranteeing them against penury in old age.

Public employment department where workmen and workingwomen escape the clutches of the commercial agent.

Marketing commission, bringing the producer and consumer together for mutual benefit.

These are a few of the things that make up Governor Johnson's record, on which he is a candidate for United States Senator.

NOT A REPUBLICAN

"He's not a Republican!" shrieks the "Get Johnson" crowd. No, not "crowd"—there aren't enough of them to make a crowd. Most of the Republicans of California are the Charles Evans Hughes kind of Republicans—quite different from the "Get Johnson" kind.

But these latter assume to be the Republican party, and arrogate to themselves the right to exclude from that party the Hughes kind of Republicans.

THEY SEEM TO HAVE FORGOTTEN THAT, FOUR YEARS AGO, WHEN JOHNSON STUMPED THE UNION AS A VICE-PRESIDENTIAL CANDIDATE HE WAS SPEAKING FOR A PROTECTIVE TARIFF PLANK, WHILE HIS ENEMIES HERE, HIS SAME CRITICS OF TODAY, WERE THROWING ALL THEIR SUPPORT TOWARD THE DEMOCRATIC CANDIDATE COMMITTED TO FREE TRADE AND ITS CONSEQUENT INJURY TO THE GREAT FRUIT INDUSTRY OF THIS STATE.

These self-appointed defenders of "genuine Republicanism" in California, who are wringing their hands and lifting tear-stained faces to high heaven in their frenzy to save their party from "destruction," have, as the Governor has humorously pointed out, the extraordinary record of having voted for Democrat Theodore Bell for Governor in 1910 against the regularly nominated Republican candidate, of having voted for Democrat Woodrow Wilson for President in 1912, and of having voted against Republican John M. Eshleman for Lieutenant-Governor in 1914.

PARTY DISLOYALTY, ACCORDING TO THE HYSTERICAL CRITICS OF THE GOVERNOR, CONSISTS NOT IN SUPPORTING DEMOCRATS, BUT IN ADVOCATING PROGRESSIVE VIEWS—VIEWS NOW ACCEPTED IN THEIR ENTIRETY BY THE REPUBLICANS NATIONALLY—AS IS EVIDENCED BY THE SIMILARITY OF THE NATIONAL PLATFORM OF THE REPUBLICAN AND PROGRESSIVE PARTIES.

RURAL SCHOOL ATTENDANCE

A recent government report on rural schools shows that there are important sections of the country where the children attend only sixty-five to eighty days in a year. Even in such a wealthy and progressive group as the North Central States the actual average amount of school attendance per year is but 109 days.

There is still a vast field for the activities of the old-fashioned truant officer. It is not enough to establish a well equipped school and put a competent teacher in it. If the pupils are hit or miss in their attendance the taxpayers' money is wasted and a generation of children is growing up in semi-ignorance.

Figures like those quoted above suggest a big problem as to who is responsible for such lax standards. "Playing hooky" is a boy trait from one age to another. The shrewd resourcefulness of the youngster in dodging the teachers and truant officers almost arouses one's admiration. But the truant will pay high for his idleness later on.

This is an era of easy going habits of parenthood. The fact that an order is issued to the young fry does not mean that anyone follows it up to see that it is obeyed. Money earned by children is a very convenient factor in paying household bills. Many a family encourages the youngsters to slip out of school work in order to pick up odd jobs in a time of scarce labor.

The efficient school will keep a very close watch over its absent members. Excuses for non-attendance will be very thoughtfully read. A very persistent search will be made for the elusive truant. Parents that connive at such absences in order to gather in the few coins that the youngster can earn, ought to be made to see just how they are spoiling what might be a hopeful future.

MUCH SPRAYING TO BE DONE THIS YEAR

Reports from many of the citrus districts indicate that this is to be a great spraying year. The perfecting of spraying apparatus and of spraying materials has done much to popularize this method of killing orchard pests.

It is now quite generally admitted that fumigation has no power over red spider or San Jose scale and that a good spraying solution is the only effective method of ridding the trees of these pests.

A spraying powder that is coming rapidly into popularity is the Mermaid Spray Powder, made by the Los Angeles Soap Company. It consists of curd soap 50 per cent, carbonate of soda 37.5 per cent, bicarbonate of soda 6.5 per cent and 12 per cent moisture. When used in the proportion of one pound of powder to six or eight gallons of water, with 200 pounds of pressure, makes an exceptionally effective soap spray which is not harmful to the trees or fruit if properly used and will eradicate scale.

It is claimed by the manufacturers that this powder is not the cheapest but that it will do the work far more effectively than any other powder on the market. They have spent a great deal of time and money in perfecting the formula and state that some of the largest growers throughout Southern California have used this powder to perfection and are going to use it this year. It is claimed by the advocates of spraying that the cost is only about one-half or less than half the cost of fumigation.

W. A. HUFF
Glorious Irregularity!

(From the Stockton Record)

In appealing for support, Willis H. Booth, Los Angeles aspirant for the United States Senatorship, has been casting some slurring reflections on the fact that Governor Johnson has been nominated on two party tickets for Senator, and, strange to relate, is registered in only one party! Mr. Booth accuses the Governor of the crime of "irregularity." Horrible! But hold on. Here's Secretary of State Jordan, who seems to be managing Mr. Booth. Jordan was glad to receive votes at the primaries on August 25, 1914, not from two parties alone, but from several, and, in the general election in November of that year, was the regular candidate of both the Republican and Democratic parties, and despite all this, Mr. Jordan was elected.

Shades of Booth, John McCullough and even of non-partisanship! Has it come to this—that men should be of such forgetful mind? Poor "Jack" Eshleman, who polled the largest vote ever given to any candidate in California, was supported in the same primaries by the Democrats, Republicans, Progressives and Socialists. Some "irregularity," to be sure, but the people approved it overwhelmingly when, on the 3d of November of that year, they gave him 533,255 votes, running in the finals on both the Republican and Progressive tickets—the same tickets on which Governor Johnson now appears for the coming primaries.

Take the case of Senator E. J. Tyrrell of Alameda county, who on the Progressive and Republican tickets in 1914, won by more than 9,000 plurality over his rival; and William S. Scott of San Francisco, also on the same combination of tickets, defeated his nearest opponent by over 10,000.

Mr. Booth seems to be out of touch with the independent state of mind of the electorate.

Many more instances could be quoted of "irregularity" of which the people approved so unmistakably two years ago. Taking Mr. Booth's ancient history argument at its full face value, Governor Johnson has nothing but a cheery outlook for success.

But as if that were not enough, we have the case of Senator Herbert C. Jones of Santa Clara county, who had the "irregularity," fever to such a degree that he was a candidate on the Progressive, Republican, Democratic and Prohibition tickets, and was elected by a majority of 10,026, all other candidates receiving only forty-six scattering votes against him.

Poor Mr. Booth!

Then look at the case of Senator Stanley S. Benedict, right in Mr. Booth's home town. The people elected him by a majority of 17,618 over all his opponents, and Senator Benedict had the temerity to be "irregular" to the tune of the Republican, Progressive and Democratic nominations. Verily the people must be crazy. They should have told Mr. Benedict to stay at home, according to Mr. Booth, because he was so "irregular" and sought the support of the people of parties in which he was not registered.

Up in Tehama, Glenn and Colusa counties, we find another awful example. E. L. Sisson was elected to the assembly by Republican, Progressive, Democratic and Prohibition votes. Surely Mr. Sisson was not such a "multifarious" gentleman that he could have been registered in all these parties at one and the same time; yet, according to Mr. Booth's measurement of civic affairs, the people should have voted against all of those candidates because they were not registered in a party whose members wanted to vote for them. And in the face of all these and other like decisions by the highest tribunal in the land—the people themselves—Mr. Booth says that Governor Johnson's name should not have been presented to the people of any party in which the Governor is not physically registered.

What Mr. Booth doesn't seem to be able to understand is that people vote for Hiram W. Johnson, the man, and not for the Republican, the Progressive or the Democratic party. In 1914, Governor Johnson ran for reelection on the Progressive ticket, but men and women of all parties voted for him, and the Governor received the overwhelming plurality of 200,000 against Mr. Booth's townsman, John D. Fredericks.

REGATTA OF NATIONAL ROWERS HELD TODAY

DULUTH, Minn., Aug. 11.—Crack oarsmen from all over the United States are here today to compete in the annual championship scull and gig races, called the National Rowing Regatta, directed by the National Association of Amateur Oarsmen under the auspices of the Duluth Boat Club. The regatta will end tomorrow.

Among the better known sportsmen of this class present were Fred Fortmeyer, James Pilkington and John O. Regan of New York; James Denigre of St. Paul, R. R. Pelton of Brooklyn, James Cox and George McGrath of Boston, John Coogan of Springfield, Mass., J. V. Lohrhop of Detroit and H. P. Burke and Charles Preisandaz of Philadelphia.

This is the first time the regatta has come west for four years. It never has been west of Peoria, Ill. Lynn, Mass., and Buffalo made a strong bid for the regatta this year, but to bring in as many western amateurs as possible it was thought best to give the event to Duluth. J. H. Barnes of the Duluth club is the man who won the day with his arguments before the association's committee.

U. S. SENDS PROTEST

WASHINGTON, Aug. 11.—The State Department has forwarded to the American embassy at London, without comment, a protest by several American newspaper correspondents in Germany against censorship of their dispatches by the British officials.

WOMAN GETS 10 YEARS

PLACERVILLE, Cal., Aug. 11.—Mrs. Marx Weston, aged 33, was sentenced to ten years in the San Quentin penitentiary here for shooting out the eyes of Harry Stephens recently when he trespassed on her property. She is the first woman ever sent to San Quentin from El Dorado county. A woman deputy sheriff, Miss Lulu Cook, left with her for the penitentiary today.

With Malice Toward None
By Henry James
Funny Folks

Many of the funniest people in the world are funny without knowing it. Monkeys gambling on a trapeze.

Some of these funny people paint and some of them write. They do not write literature; just write and paint inksters and daubsters. Where the laugh comes in is at the circumstance that they call all this monkey business art. Here is a sample of a new kind of "verse" that is not verse, nor yet prose; nothing but words:

"Little pigs' voices
Weaving among the dancers,
A fine white thread
Linking up the dancers.
Bang! Bump! Tong!
Petticoats.
Stockings.
Sabots."

This was written by a girl who had heard a fiddle. Evidently the melodious catgut had started a vibration that made mush of her brain. The poor simp!

The girls say she is a granddaughter of Lowell. If so, it is a happy circumstance that he has passed along. Had he lived he would have been in an asylum, or caused the girl to be there.

Just Piffing

The council of a large city on the Pacific coast is all torn up about having dancing permitted in cafes.

If it would get torn up over the prevalence of real crime, and forget the dancing, people would think more of it.

Aggrieved

Simcon Lake, American inventor, says that some of his patents have been infringed in construction of the Deutschland.

Too bad. Perhaps some day Americans will learn to take advantage of their own patents.

The Drug Habit

A doctor once told me that his desire was to lock each drug addict into a room with an abundance of his favorite dope and let nature take its course. There may be some better rule.

Utility

In reading cheap magazines, skip all the fiction; Editorials, too, for they're rotten in dictation; Skip everything printed as being historical; Most of it's fanciful, punks, allegorical. Skip tales of adventure, as work of a liar; Then read a few ads and dump in the fire.

The Bogus American

Lately an American, major in the Mexican army, visited his native land and seemed to think well of himself. Reporters hunted him up and put his picture in the paper.

According to the common view a soldier who fights for principle is a pretty good fellow, no matter what flag he is under, but the "soldier of fortune" is a mere tramp with an inclination toward the sanguinary.

If a collection of bandits calls itself an army, it is none the less a collection of bandits, and an American joining it can't even plead ignorance.

Just Out of Reach

Young McLean, father of the "One Hundred Million Dollar Baby," wants to break the will of the late grandfather of the same youngster.

It must be irritating to be related to a pile of money and not be able to get the pile.

Sympathy

Sorry that the international spy who gave his name as Lincoln was convicted of forgery.

There had arisen a general hope that the fellow was as guilty as he said he was and that he would at least be shot.

The Long Arm

Not long ago the law reached clear from Wisconsin to the Pacific coast and grabbed by the collar a man who had deserted his wife back there.

Wife desertion used to be less rigorously treated than chicken-stealing. The world is growing more sensible even if it isn't getting very good.

MAINLY OLD MACHINE
MEN, COME TO LIFE

SACRAMENTO, Aug. 11.—Former Railroad Commissioner Irwin, long a member of that regulatory body when it did no regulating, is active in the Sacramento Valley in behalf of Booth's candidacy for United States Senator. Irwin was an important cog in the railroad machine for a long period of years.

Charles G. Clinch of Grass Valley, also a prop of the old organization, is making strenuous endeavors in behalf of Booth.

W. F. Mixon of Woodland, likewise a component part of the old machine, is very much in the fore in advocacy of Booth.

R. S. Taylor, boss in Siskiyou, who in 1908 voted unnaturalized Greek section hands at the primary and thus saved the Southern Pacific machine from defeat at the hands of the Lincoln-Roosevelt League, is putting forth his best efforts for Booth.

Guy Kennedy, known to recent fame as defender of Rev. Madison Slaughter, and who used to run things for the Southern Pacific machine in Butte County, has also come to life again politically as a supporter of Booth.

Jack Higgins, state printing office politician under the former regime, is looking after Booth's interests in Sacramento.

Sheriff Veale, who delivered Contra Costa to Herrin, is in the harness again as a worker for Booth.

Attorney Frank H. Short of Fresno, is trying to help Booth in an independent publicity campaign.

John C. Moore, who through many years was confidential representative in Fresno of the railroad machine, is working for Booth.

Richard E. Collins, member of the

Board of Equalization and always an active factor for the machine in the old days, is trying to turn Shasta to Booth.

S. Fred Hogue, for a time Pat Calhoun's man in San Francisco, and long a political representative and correspondent for Harrison Gray Otis of the Los Angeles Times, is a confidential councillor for William H. Crocker and in the management of the Booth campaign.

It is so on through the counties as to party "leaders." The newspaper support up and down the state tells the same story.

Beginning in the north with the Eureka Standard and the Courier-Free Press of Redding, the papers all the way to San Diego that in former days espoused the Southern Pacific machine are now supporting the Booth Senatorial aspirations. It is the same old list of the San Francisco Chronicle, the Oakland Tribune, the Stockton Independent, the Los Angeles Times, the San Jose Mercury, the San Diego Union and Tribune, the Martinez Gazette, the Calaveras Prospect, etc. They are not so great in number but are strong in virulence.

The preponderance of editorial opinion, however, is very much in favor of Governor Johnson. The machine Republicans have brought much criticism on themselves for the methods they have pursued. A vote among the editors would show a heavy majority for Johnson.

Fraternal Brotherhood Lodge
Plan to Send Box to Mem-
bers of Company L

Another well attended meeting of the Fraternal Brotherhood was held last evening at Modern Woodman hall. Five candidates were initiated and it was decided to hold a county picnic at Laguna Beach on August 22. All the lodges of the county will participate and a jolly time is anticipated.

A box of magazines and good things to eat will be sent to members of the Fraternal Brotherhood, who are with Company L in Nogales and a committee will gather at the hall tomorrow between 2 and 3 p. m. to pack it. Anybody wishing to donate may leave their things at the hall.

The navy was in charge of the excellent program and after the various numbers had been enjoyed, served a feast of luscious watermelon in the dining room.

Appreciated MacDowell Program
Mrs. Ruth Deardoff Shaw has received the following pleasant little note from Mrs. M. MacDowell, wife of the popular composer, who lives at Petersborough, N. H.:

"I have just seen in the Musical Courier the program of one of your pupils and I was so touched and pleased when I saw that it represented in the way of knowledge of the MacDowell music and the love you must have for some of the less well known numbers. May I thank you will all my heart."

FOUR O'CLOCK WEDDING

Miss Verna Velma Clem Be-
comes Bride of Charles
Schultz Yesterday

A very pretty and interesting wedding was solemnized yesterday at the quiet hour of 4 o'clock in a delightful setting of pink and green, when Miss Verna Velma Clem, daughter of Mr. and Mrs. C. E. Clem of West Third street, became the bride of Charles Schultz, son of Mr. and Mrs. C. C. Schultz.

Only a small company of relatives and friends witnessed the marriage ceremony, which was performed by Rev. Paul E. Wright, using the rings in the impressive rites.

As the bride and groom entered to the strains of Lohengrin's wedding march, played by Irving German on the violin and Miss Nellie Irvine at the piano, they took their places beneath a canopy of greenery studded with pink roses and during the ceremony, the pianist softly played "The Sweetest Story Ever Told." Preceding the marriage, Miss Margaret Clem sang "Because."

The bride was charming in a dainty gown trimmed with folds of white tulle. She carried a shower of spiny white carnations and maiden hair ferns, which was later captured by her sister, Miss Dortha Clem.

Following the wedding and a shower of congratulations for the popular young couple, delicious ice cream and cake were served by three winsome maidens garbed in white, Misses Juanita Wright, Constance German, Helen Phillips.

Mr. and Mrs. Schultz received hosts of costly and useful gifts, which will adorn their home at 815 West Fifth street, which they will occupy after a motor trip to San Diego.

The bride was a graduate of the 1916 class of the high school and the groom has lived here four years. He is stock agent for the Ford Company here.

Those attending the wedding were: Mr. and Mrs. C. C. Schultz, Miss Martha Schultz, Mr. and Mrs. C. E. Clem, Kenneth Ann, Elmer Clem, Mr. and Mrs. Virgil Clem, Mr. and Mrs. George Peckham, Mrs. C. E. Roberts, Malcolm and Caroline Roberts, Miss Mary Flora, Mrs. Nancy Lacy, Mrs. Fannie Huntington, Irving German, Misses Juanita Wright, Helen Phillips, Constance German, Dortha Clem, Margaret Clem.

Missouri Picnic

The big Missouri picnic will be held this year at Westlake Park, Los Angeles, tomorrow from 2 to 8 p. m. Orange county is contesting for a silver loving cup for largest attendance in proportion to population. There will also be a grand prize for the largest registration irrespective of population. A badge entitles to coffee.

Harry M. Irwin is the president and Mrs. Harry G. Henley, secretary.

Surprise Wienie Bake

Miss Nellie James was given a very pleasant birthday surprise by about forty of her friends on Wednesday evening last, in honor of her eighteenth birthday.

The young folks gathered at the James home and from there went to the river bend, where a large bonfire was kindled and wienies roasted and eaten with buns, pickles, olives and watermelon, together with birthday cake.

Numerous games were enjoyed about the fire and after returning to the honoree's home, more games were played.

With Mrs. Slaback, Fam-
ily Dinner Later

Mrs. L. W. Slaback of West Pine street was the genial hostess yesterday to the F. and G. Embroidery Club. The cosy home was embellished with the dainty pink Tacoma blossom arranged prettily in brown baskets.

The afternoon was happily spent with lively music on the piano, needlework and social chat. A letter was read from Mrs. Wilbur Brawley, a former member of the club. It contained greetings for the members.

Before departure the guests were served on invitingly arranged trays, carrying out the rose color motif.

The club had two guests, Mrs. L. W. Brotherton and Mrs. Kenneth Brown. The members present were Meses. Sam Wedgwood, Frank Tedford, Forest Gay, E. G. Huntington, Will Shugeldt, Monte Jackson and Miss Cora Huntington.

Cocoanut Oil Fine For Washing Hair

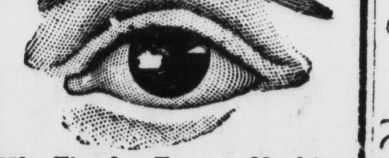

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulisified cocoanut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rises out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulisified cocoanut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

SUFFRAGE FIRST. PARTIES 2ND. IS SLOGAN OF SUFFRAGISTS

Woman Vote In 12 States Can Decide Presidential Election, 'Tis Said

COLORADO SPRINGS, Colo., Aug. 11.—By standing for suffrage first and parties second, the women voters of the twelve suffrage states can decide the result of the presidential election on November 7, they say.

This was the desired end planned at a conference of the National Woman's Party in session here today.

"The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any state on account of sex."

This, in substance, is the so-called Susan B. Anthony amendment to the federal constitution, failure to pass which the present session of Congress will result in the conference here undoubtedly recommending that the votes of women be cast against Woodrow Wilson. Mr. Hughes, the Republican candidate, has declared in favor of the amendment.

The conference also was to decide whether the announcement July 31 by Charles E. Hughes of his stand on the amendment entitles the Republican candidate to the women's votes.

The amendment forms the sole plank for the National Woman's Party platform. Since the party was formed in Chicago on June 6, it has sent out tens of thousands of circulars, brought pressure to bear on the present Congress and sent emissaries into every suffrage state to preach the slogan of suffrage first and party allegiance second.

The Anthony amendment was the subject of discussion at the morning session today.

Miss Gail Laughlin, California, chairman of the California branch of the Congressional Union; Mrs. Dora Phelps Buell, Colorado, member of the national advisory council of the Con-

SUFFRAGISTS HURL DEFI AT CONGRESS

COLORADO SPRINGS, Aug. 11.—An official circular passed out to delegates attending the conference of the National Woman's Party here today said:

"If the Susan B. Anthony amendment is not passed by the present Congress—practically a Democratic Congress—the National Woman's Party conceives it their duty at the polls in November not to vote for the Democratic candidates for the presidency or congress. Only by passing the federal amendment can the Democratic party convince anyone that they sincerely stand for the enfranchisement of women, as affirmed in their platform."

gressional Union; Miss Mabel Vernon, Nevada, secretary of the National Woman's Party; Miss Alice Paul, New Jersey, chairman of the Congressional Union, and Miss Ann Martin, chairman of the National Woman's Party, were to be speakers today.

After they are through, resolutions will be presented, discussed and disposed of.

Tomorrow there will be a general conference on the campaign, a conference of state chairmen on campaign plans and a conference of national organizers on organization plans.

The Refreshing Charm of good tea is in its delicate flavor

Unfortunately, the world is not full of good tea. You must choose with care. Those many women who use Schilling's Best know that the cost of good tea is very, very little. But this is not the only reason for their preference. Another reason—a very real reason—is that each of the four taste-types (Japan, English Breakfast, Ceylon, Oolong) brews tea of indescribable charm.

ADMINISTRATION AGAIN SCORED BY CANDIDATE IN DAKOTA

Republican Nominee Cheered By 4000 As He Flays Wilsonian Policies

FARGO, N. D., Aug. 11.—Hammering home again yesterday his condemnation of the prostitution of public service to pay political debts, Charles Evans Hughes swept across that section of North Dakota traversed by the Hill lines.

At Grand Forks at noon and in Fargo last night the candidate set forth his attitude toward the paramount public questions and in a score of smaller towns he acknowledged the greetings of the populace and made short speeches.

"I'd like to have the authority to investigate this administration for about six months."

Mr. Hughes, whose political career is founded upon his investigation of the insurance companies of New York, last night fervently expressed the foregoing desire, winding up a renewed charge that the Wilson administration has used public office for political purposes.

4000 Yell Approval "It is scandalous," the Republican nominee shouted huskily, while 4000 people in the auditorium here accorded him a round of applause. Earlier in the day at Grand Forks, he addressed another meeting composed largely of farmers, at which he discussed agriculture and preparedness.

At this meeting, as again last night, preparedness was accorded but mild applause, the demand for a restoration of the protective tariff sounded the issue closest, apparently to the hearts of the northwest. At the same time their hearty appreciation, at both meetings and throughout the entire day, of his promise of firm insistence upon respect for national honor and prestige.

"American unity," he declared last night, in opening his address, "America first in the hearts of all our people, is the note I would wish to have ring clearer and clearer throughout our land."

Retells Durand Case Hughes then retold once more of the dismissal of E. Dana Durand from the census bureau and read the letter of Durand contradicting Secretary of Commerce Redfield and supporting Hughes charge that Durand was dismissed to make room for a Democrat.

The remainder of his address was confined to a discussion of Mexico and preparedness.

WHAT IS URIC ACID?

Does Uric Acid Cause Backache, Rheumatism and Kidney Trouble?

Dear Dr. Pierce:—What is Uric Acid? Does it cause kidney trouble? Not long ago I was examined for insurance and an analysis of the kidney secretions showed an excess of Uric Acid.

I suffer from backache, and rheumatism in my limbs, but never before suspected my kidneys. I recognize you as an authority on these subjects, and wish you would give me this information.

Lewis R. My dear Sir: Answering your letter, Uric Acid indicates poisoning of the system; it is also associated with several other poisons and forms painful irritants in the cells of the joints, nerves and muscles. Everyone has Uric Acid in the system, but naturally in small quantities. Excessive amount is caused by eating too much meat and foods that ferment in stomach. The kidneys being the filters of the blood are supposed to separate and throw the poisons out of the system. Weak, tired and overworked kidneys fail to do this, hence the poisonous Uric Acid and its associated poisons contaminate the blood, causing backache, lumbago, rheumatism, dropsy, drowsy or tired, worn out feeling, short breath and many other symptoms.

To overcome the trouble is only a matter of toning up the kidneys, and this is best done by a treatment with "An-Uric" with proper diet and exercise. This prescription has been thoroughly tested and used by specialists at my institution, in Buffalo, N. Y., with satisfactory results, and astonishing relief.

I recently put "An-Uric" before the American people and it may now be obtained from almost any one of the leading druggists in town, simply by asking for Dr. Pierce's "An-Uric," in tablet form.

Take good medical advice, and do not let deadly Bright's Disease or Diabetes develop from neglected kidneys. (Signed) V. M. PIERCE, M. D.

events was the presence of Lynn J. Frazier, gubernatorial candidate of the Farmers' Non-Partisan League of North Dakota, on the platform as presiding officer of the Grand Forks meeting. The Farmers' Non-Partisan League has indisputable and complete political control of the state. Its endorsement is tantamount to carrying the state. Though no official action has yet been taken by the league, it is generally understood here that the league's vote will go solidly to Mr. Hughes.

NORTHWEST ENTHUSIASTIC OVER HUGHES' COMING

PORTLAND, Ore., Aug. 11.—The Pacific Northwest rapidly is growing enthusiastic over the coming of Charles E. Hughes, who arrives August 16 and will visit other Pacific Northwest cities the same week. Already plans are being made for special trains and touring cars from towns over Oregon and Washington to greet Hughes here and in Tacoma. The fact that the afternoon address here is to be exclusively for women has led to activities on the part of the fair sex to arrive here early.

SAN DIEGO SPEECH BY HUGHES ON AUG. 21

SAN DIEGO, Aug. 11.—Completed plans for the program of the visit of Charles E. Hughes, Republican presidential candidate, to this city August 21 call for an address by Justice Hughes at the stadium and a short formal program at the exposition grounds.

Mr. Hughes will arrive here at 12:50 and leave at 3 o'clock that afternoon. Immediately upon his arrival he will be taken to the stadium, which seats 30,000 people, and will there make a short address. Entrance to the stadium will be free.

T. R. GOES ON STUMP FOR HUGHES AUG. 31

NEW YORK, Aug. 11.—Colonel Roosevelt will make his first campaign speech in behalf of the candidacy of Justice Hughes in Lewiston, Me., August 31. This was announced after a conference between John McGrath, Colonel Roosevelt's secretary, and Frank J. Ham, Republican state chairman of Maine. Colonel Roosevelt's speech will deal only with national issues, it was announced.

Other men of note who will participate in the Maine campaign are Governor Willis of Ohio, Senators Borah, Lodge and Sherman and Congressman Nicholas Longworth.

TOWNSEND BACKS HUGHES' DURAND STATEMENT

WASHINGTON, Aug. 11.—Senator Townsend, Republican, of the Census committee, made a statement in the Senate yesterday supporting the declarations of Charles E. Hughes that E. Dana Durand, former director of the census, was removed from office to make a vacancy for political reasons and taking issue with Secretary Redfield's rejoinder that Durand retired voluntarily.

"The Secretary of Commerce says Mr. Durand resigned," said Senator Townsend. "That is not correct. The fact is that Secretary Redfield called on Durand in April and stated that he desired his position."

Senator Smith, Democrat of Georgia, said he desired to congratulate the other side in that they have at last found an issue. My criticism of the president and secretary of commerce, "is that they did not remove Mr. Durand frankly and openly from office. He is inefficient as an executive officer."

Senator Penrose, Democrat, joined in the discussion with an attack on civil service administration and "the hypocrisy" of administration heads in the Durand incident.

COLO. MOOSE CONFER ON HUGHES

DENVER, Colo., Aug. 11.—Whether to disband or to name a third state ticket was to be decided at the state assembly of the Progressive party, opening here today.

The Progressive State Central Committee is on record as opposed to an outright endorsement of Charles E. Hughes for president. The committee adopted a substitute motion leaving Bull Moosers free to act independently nationally. It was not expected that today's convention would overthrow this action.

The call for the assembly showed a possible total of 455 delegates based on the Progressive party's vote in Colorado at the last state election but the attendance today was considerably under the maximum number. Many former Progressives have rejoined the Republican party.

Clarence P. Dodge of Colorado Springs has been mentioned for the Progressive nomination for governor but it was not certain a state ticket would be named today.

GOV. JOHNSON IN FINISH FIGHT, HE DECLARES

SANTA CRUZ, Aug. 11.—The greatest political gathering in the history of Santa Cruz, greater than the Johnson rally in his final campaign for governor, marked the visit of the governor here last night, stumping the state to win the Republican nomination for United States senator.

Two thousand people so packed the big circus tent, where the meeting was held, that it was necessary to raise the rear flap, so that hundreds who could not crowd under the canvas might hear from the outside. The weekly municipal dance on the streets and the gay beach attractions failed alike to lure auditors from the state's chief executive.

"I am submitting my candidacy to no bosses' convention," declared the governor in the course of his address, "to no conference, to no party faction. I am submitting it only to all the people."

"When I commence a political fight I finish it. I am going through with this until all the people speak. With them and with them alone do I rest my candidacy. To them I submit my fate."

STRONG JOHNSON CAMPAIGN PLANS COMPLETED

LOS ANGELES, Aug. 11.—Arrangements for one of the strongest final two-weeks campaigns prior to a primary have been completed by the supporters of Governor Johnson for the United States Senate. Daily meetings will be held in every section of Los Angeles county.

A strong list of speakers has been completed. These divided into flying squadrons will put the issues involved plainly before the voters of all districts.

With an honorary escort of 100 members of the Young Men's Johnson-for-Senator Club, Governor Johnson will make Los Angeles his headquarters during the last week of the campaign and will speak at all the principal points in the county during that period.

OCEAN PARK, VENICE TO GREET GOVERNOR

OCEAN PARK, Aug. 11.—Announcement that Governor Johnson is to address two gatherings in Ocean Park and Venice the evening of August 23, has started active and enthusiastic preparations for a big demonstration.

A banquet with the governor as guest of honor is proposed for the dinner hour.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside, to sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of Limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of Limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so Limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

Pay Your Bills By Check

Quite often we are called upon to return to a customer some cancelled check that proved that a bill had been paid. Had that account been settled by cash and the receipt lost or mislaid there would always have been a doubt in the payee's mind, even though he didn't insist on a second settlement.

Provide against any misunderstanding by opening a bank account, and then pay your bills by check.

It's a fine place for a home, a good place to make money, land prices still low. Now is a good time to buy large or small. AT THE COURTHOUSE

SAYS HIS WIFE MARRIED HIM FOR MONEY

Declares Mrs. Hargrave Wants to Go to England to Gain Wealth From Aunt

Denying the accusations of his wife, R. M. Hargrave through Attorney H. C. Head today filed an answer in the divorce action brought by Carrie N. Hargrave. Hargrave declares that it is his belief that Mrs. Hargrave married him for his money, and that her intent all along has not been to make a home but to get his property.

Hargrave's answer declares that his wife's purpose in the action for divorce is to gather together enough money so that she can go to England to live with a wealthy aunt, whose money he says she covets.

In her complaint Mrs. Hargrave declared that her husband had not taken a bath since they were married. This assertion is vigorously denied by Hargrave, who says that it was his habit to bathe often enough to keep cleanly. He says that the reason why no bathtub was put in the house at West Orange, as requested by Mrs. Hargrave, was that he was trying to sell the place and did not want to go to the expense of altering it. He admits that he did say to his wife that the horse trough was good enough to bathe in, but he declares he said so only in a joking way.

Hargrave declares that his property is worth only \$16,500, not \$75,000, as stated in his wife's demand for substantial alimony.

The defendant admits that he notified stores in Santa Ana to sell no goods to Mrs. Hargrave on credit. The reason given by Hargrave for his act was that his wife used poor judgment in the things she bought. He says that she bought things she did not need and did not use.

The accusations made by the wife against the husband are matched in the answer. Hargrave declares that his wife put a homestead on the North Main street ranch so that he could not sell it without she had a chance at the money. In fact, Hargrave declares that he is convinced that he was married for his money. Hargrave is 74 and his wife is 35.

Abstract Filed
Today there was filed an abstract of a judgment for \$41.13 entered in Placencia township in favor of the Star Livery Stable against Claude Stough.

Demurrer Filed
Attorney Clyde Bishop has filed a demurrer and a motion to strike out for the defendant in the suit for \$5000 damages brought by Dr. George Sepulveda of Los Angeles against the Lyric Theater because the head usher at the Lyric insisted that Dr. Sepulveda sit with the Mexicans. The demurrer declares that the complaint is ambiguous in its construction. The motion to strike out asks that the case

Foreclose Mortgage
Suit to foreclose a mortgage for \$18,700 has been brought by the First National Bank of Denver, Colo., against E. V. Whittlesey, William J. Bryan and Anna Bryan. The note was signed in Los Angeles on November 24, 1915. Twenty acres at Anaheim were mortgaged. Whittlesey gave the mortgage to the Interstate Trust Company. Los Angeles attorneys represent the plaintiff.

Asking a Permit
The Pacific Telephone Company has asked the Board of Supervisors for a permit to lay ninety feet of underground cable on North street east of East street, Anaheim.

Restraining Order
Today Judge West signed a temporary restraining order in connection with the paving contract fight that has been started at Anaheim. The L. A. Paving Company, which got the contract, cannot proceed to do any work until after the trial of the action.

Cynthia S. Markle is plaintiff. She appears as a property owner, but is backed up by the S. C. Contracting Company of Los Angeles, which firm put in the lowest bid for paving West Broadway at Anaheim. It was declared that the City Trustees of Anaheim arbitrarily gave the contract to the L. A. Paving Company, represented by E. R. Werdin, who has done considerable paving at Orange and Anaheim, although his bid was higher than the S. C. Contracting Company.

In his restraining order, Judge West states that he finds that the City Trustees of Anaheim had no evidence before it to show that the S. C. Company was not responsible. He further finds that the contract was given arbitrarily to the L. A. Paving Company.

Street Superintendent J. W. Sackett and the L. A. Paving Company are ordered by the judge to do nothing toward carrying out the contract until the case is tried. A cash bond of \$500 has been put up by the plaintiff.

Conference Planned
Today the Board of Supervisors received an invitation from the San Bernardino Supervisors asking that this county be represented at a conference in San Bernardino on September 22 for the purpose of taking steps to get uniform laws throughout Southern California for the protection of highways against heavy trucking.
